

3.

a)

The scalar product of a and b is 1.000000

The vector products of a and b is:

(1)
(-1)
(1)

The triple vector cross-product of a, b and c is:

(-1)
(1)
(0)

b)

The scalar product of a and b is 3.000000

The vector products of a and b is:

(-3)
(3)
(3)

The triple vector cross-product of a, b and c is:

(39)
(15)
(-12)
